Tack Strip Sets

Tack strips fit into the convertible top bows recesses to allow the top to be tacked into place. Select from 2 styles: Fiber made from dense Fiber material similar to masonite. while moern style tack strips sets made from a dense Black flexible plastic material, that will not absorb water & allow the tacks to become loose. The modern substitutes provide excellent retention for the tacks & are not visible after installation. Fiber style sets are UPS Oversize = O/S.
