

**68-79 Heater Box Seal Kit except AC**

Seals Outer Box & Inner Box  
Improves Efficiency of your Heater  
Helps Solve Firewall Drafts & Leaks

**Standard** Includes parts **A,B,C,D,E,F** all die cut for a perfect fit, plus 30 semi-tubular Aluminum rivets. This kit includes all the gaskets required to seal both the inner & outer boxes, and also includes detailed step by step installation instructions. None of these parts are used on any models that have Air Conditioning. 8844230 **24.50**

**Deluxe** with **A,B,C,D,E,F** as above plus with **PSA** mounted on parts **B,C,D** 8844229 **29.50**

**Individual Heater Seals**

- A** Outer Box Firewall Seal 8844231 **15.00**
- B** Inner Box Firewall Seal 8844232 **10.00**
- C** Hot Air Shut Off Seal 8844233 **2.75**
- D** Cold Air Shut Off Seal 8844234 **2.75**
- E** Defroster Shut Off Seal 8846114 **2.75**
- F** Dual Core Pipe Seal 8844236 **5.50**
- G** Defroster Duct Seal fits all 68-79; however this part was only used on 68-69 models 8844238 **4.50**

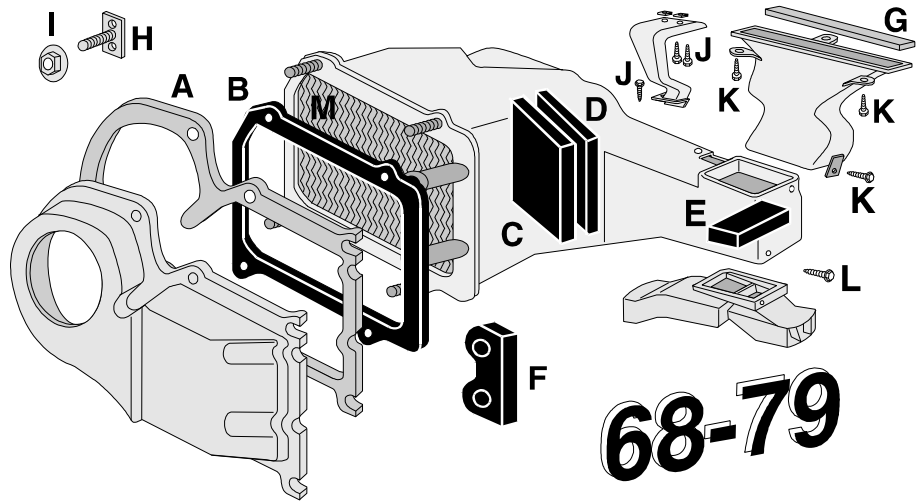

**We tell the Truth, we don't Monkey around**

DocRebuild created this kit and even added Item "B" our inner firewall seal that was never ever used on any Vette by GM. Ten years ago I added it to aid sealing the inner box to the firewall. After we cut off all sales to Zip, they began selling a kit with the same seal. I surreptitiously purchased their - and placed it on top of the one I designed. It was the same. I wonder where they came up with this idea? So much for their claim of conducting research and collecting factory samples. David Walker method of reasearch is to try and copy our parts. They don't even know what's factory as what's not. **"Sometimes, only the name is the same."**

**Heater Box, Mounting & Core**

- H** 68-79 Firewall "T" Bolt + 2 Aluminum Mounting Rivets Mounts heater to firewall. Use 1 in the center of the firewall; 2 on the RH side. 8846118 **13.00**
