68-82 Heater Hoses with AC

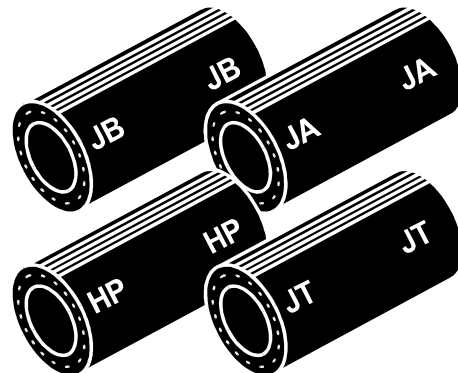

On 68-82 models with Air Conditioning, the heater core 5/8" and 3/4" inlet and outlet pipes point straight downwards toward the highway. In order to provide enough road clearance for the hoses as they connect to the core pipes, both 5/8" and 3/4" hoses have a tightly formed 90 degree end. This prevents kinking and collapsing of the hose while providing ground clearance.

68-82 Small Block Heater Hose Kit with AC 5/8" and 3/4" hoses with Formed ends	8845246	69.50
68-74 Big Block Heater Hose Kit with AC 5/8" and 3/4" hoses with Formed ends	8845244	69.50

NOTE: Limited Supply NOS Hose
 68-82 Ribbed 3/4" ID Molded Heater Hose with AC
 Genuine GM discontinued with Formed 90 degree end with 4 prominent raised ribs. 8845250 125.00

70-79 Heater Hose

70-79 Models were factory printed with White repeating **Alphabetic Codes** as shown below. Contrary to the misinformation in almost every other catalog, GM logos were NEVER used on 1970-1982 Corvette heater hoses.

70-72 350 except AC Heater Hose Set with an Aluminum Radiator Includes 5/8" and 3/4" I.D. hoses with "JB" and "JA" repeating codes.	8845252	55.00
70-75 350 except AC Heater Hose Set with a Copper Radiator Includes 5/8" and 3/4" I.D. hoses with "JT" repeating codes.	8845254	55.00
76-79 350 except AC Heater Hose Set Includes 5/8" and 3/4" I.D. hoses with "JT" and "HP" repeating codes.	8845256	55.00

**For your Information
 the Rib Pattern...
 of these hoses
 is Grooves**

Factory GM blueprints show EIGHT different manufacturers as GM approved suppliers for both 5/8" and 3/4" heater hoses. Each company used a different pattern of marks for identification. We have only reproduced one of these patterns which is shown below.

**These are actually
 Grooves**

Model	5/8"	5/8"	5/8"	3/4"	3/4"	3/4"
