66-67 Seat Head Rests

66-67 Seat Head Rests consist of a vinyl or leather covered cushion with an internal flat steel support welded to a vertical flat bar like support. The seat back includes an internal horizontal support bracket welded to the seat back frame vertical sides. An upper support bracket is welded to the seat back frame top. Welded to these upper and lower brackets is a vertical guide tube. The head rest flat bar like vertical support slides into the guide. A chrome trim bezel covers the upper seat back opening above the guide tube.

Rear Compartment Mats

These carpeted mats with color coordinated bindings, protect your rear carpets from damage. Select 2 or 3 Door, 80/20 or Cut Pile Carpet.

Matching the Exact Color of Your Interior Carpet is not possible if it is faded or produced from a different dye lot or supplier. An exact match can only be assured if ordered with a carpet set.
